

United in Harmony

United in Harmony's mission is to provide homeless and impoverished children with hope and opportunities to develop positive self-esteem through interactions with teenage and adult role models.

United in Harmony provides a variety of programs to children ages 7-13 years old from agencies and shelters in Los Angeles County.

Camp Harmony's overnight camp experience is the premiere program offered by United in Harmony. Twice annually, in the summer and winter, needy children come to camp bringing their personal struggles of living in difficult and often dire circumstances. Camp Harmony offers children an enriching, educational, life-changing opportunity to appreciate nature, practice tolerance and cooperative living, and gives them the space just to be kids and have FUN.
